\$780

13 visits in 1.5 hours

\$1,080

18 visits in 2 hours

Sniffle Perks

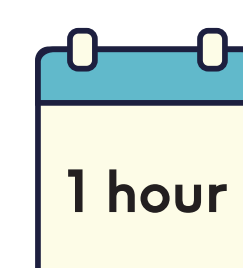

Most Sniffle consults can be anywhere from 5 to 10 minutes.

Sniffle provides the potential to make up to \$600 an hour!

The average Sniffle copay can be the same as an in-office visit.

Imagine, all the benefits and only having to block out one hour each day.

The goal of Sniffle is to help you grow a telemedicine service alongside your clinical practice at absolutely no cost to you, giving you the flexibility to spend more time with your patients.

Primary care. Anywhere.
