

Sniffle Marketing Guide

How to make the most out of Sniffle, market your Sniffle practice, and ensure your patients are in the know about your virtual care offering.

Website Education

Educate patients about Sniffle by adding logos, copy, and links to your website to promote your virtual care practice and get patients to book appointments.

Email Template

Simply copy and paste this pre-written message into your email platform or upload the HTML file to let your patients know how to book a virtual visit.

Social Media Resources

These images and captions are perfectly sized for Facebook, Instagram, Twitter, and LinkedIn. Share the benefits of Sniffle on your social media profile.

Press Release

We would love to announce our partnership through a press release. To get started and get the word out, please contact marketing@sniffle.com

As you build your virtual practice, we'll continue to share ideas and resources for how you can market your practice. If you have any questions at all or would like any additional marketing material, please reach out to us at providersupport@sniffle.com or 1-800-510-1389
